

Stepwise Guide For A Ring Gender Test

1

Tie a wedding ring to a piece of thread or strand of hair

2

Hold the thread over your belly while lying on the bed

3

You might even request your partner to hang the ring over your belly

4

Allow the string to move without interference

5

If the ring moves in a circle, it is said to indicate a girl

6

If the ring moves back and forth, it is said to indicate a boy
