

# Ideas To Pick A **NICKNAME** For A Friend

- Pick a word that rhymes with their names and say them together, such as Posh-Josh or Jolly-Holly.
- Make slight modifications to their names and turn them into a nickname.
- If they have a long name, shorten their name to something like Jo from Joseph or Chris from Christopher.
- Give them a name based on the bond you share or specific things only they do for you.
- Say their name twice if it's short, and you'll get a cute nickname such as Ray Ray or Dan Dan.
- Are they famous in your group for a certain trait? Pick the name of a movie or sitcom character who behaves the same way.
