

HOME REMEDIES FOR SCABIES IN CHILDREN

TEA TREE OIL

Studies have indicated tea tree oil to be an effective remedy for scabies' rashes.

ALOE VERA

Research has shown aloe vera to be as effective as benzyl benzoate in the treatment of scabies.

CLOVE OIL

Clove oil demonstrates antimicrobial, antioxidant, and anesthetic properties, relieving scabies.

NEEM

Research has shown neem seed extract shampoo effectively treats scabies in dogs with no side effects.

Note: No large-scale or exclusive research is done to establish the efficacy of these products on children. Therefore, do not try any of these without consulting your pediatrician.
