

# FUNNY BABY CAPTIONS TO CREATE AN — AMUSING PHOTO POST —

Babies are often more trouble than you could imagine, but indeed more wonderful, too

Sleep? Yes, I have fond memories of how close it was to me before having a baby.

From now on, I will decide when you will wake up — a note from my newborn.

A sure-shot way to get my baby's attention is to sit down and seem comfortable.

Someone asked me which shift are you working on, and I said 24/7 because that was the only shift my baby had to offer.

Hey guys, meet my new BFF; he/she is the only one with whom I have my late-night plans now.
