

Steps Involved In Cleaning SOCCER CLEATS

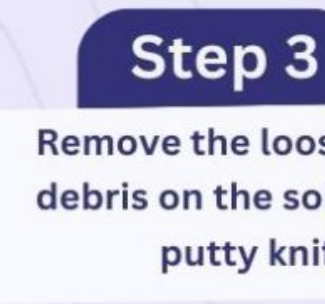

Step 1

Remove the laces and hand wash them separately.

Step 2

Remove the loose dirt from the upper part with a gentle brush.

Step 3

Remove the loose muddy debris on the soles with a putty knife.

Step 4

Mix warm water and mild detergent in a bowl.

Step 5

Clean the soles using the soapy solution and a gentle brush.

Step 6

Wipe the upper part using the solution and a washcloth.

Step 7

Rinse with clean water to get rid of soap and dirt residue.

Step 8

Thoroughly air-dry the cleats and laces indoors.
