

TYPES OF Laundry Baskets

WICKER

Durable, lightweight, and well-vented, this basket is usually made of light fiber or synthetic material.

WOVEN

Made of thick microfiber or textile material, these baskets are suitable for the long run.

PLASTIC

Easily available, these baskets have a lightweight construction.

BASKET WITH WHEELS

Used primarily for ramps for easy carrying, these baskets are usually made of fabric.

MESH

These baskets may be less durable but keeps the clothes odor-free.

CANVAS

With effective abrasion resistance, this basket type is highly durable and easy to maintain.
