

# Pros And Cons Of Being A Single Parent

## Pros

As a single parent, the entire authority of making the decisions will rest on you.

## Cons

Managing the finances all by yourself might become difficult.

You will always be in a better position to plan your finances and understand when you can splurge and when to cut down.

You will have an overload of things to look after, all by yourself.

Being a single parent will mean that you help your child be a team player and work together as a team

There might be times when you feel lonely and disciplining your child can be challenging.

Your little one will get your undivided attention.

Your child might blame you for the status of your relationship between your ex-partner and you.
