

Signs That Are

Ideal For A Leo Man

Aries and Leo

- Both are fire signs and have shared traits such as both being extroverted and emotional.
- They love adventure and seek each other's company for happiness.
- Their love for each other helps them overcome their intense arguments.

Sagittarius And Leo

- Sagittarians are spontaneous, which Leo admires, and both like to let loose to have fun.
- Both are transparent about their feelings and share similar interests and opinions.
- They are passionate lovers, hence can maintain an intense relationship.

Aquarius And Leo

- Leo, a performer, and Aquarius, a thinker, balance each other.
- While Aquarius loves giving attention, Leo loves getting it, making them complement each other.
- They both openly communicate their feelings to maintain peace in their relationship.
