

# TIPS FOR CHOOSING PLAY-DOH SETS

1 Consider the age recommendation stated by the manufacturer.

2 Sets with small pieces may require parental supervision to prevent choking hazards.

3 Choose a pack that can retain their interest throughout their growing years.

4 Select the theme, such as baking or vehicles, based on what piques the child's interests.

5 Choose sets with more accessories, such as molds, stamps, and squeezers, to promote creativity.

6 Ensure the set is easy to clean, non-messy, and non-sticky.
