

CARE REGIMEN

Post Taking Out A Splinter

From Your CHILD'S SKIN

Post-Splinter Removal Care

1

Wash the affected area with water and soap.

2

Pat dry and apply antibiotic ointment, and cover with a bandage.

3

Rub ice on the affected area for pain.

4

If bleeding occurs while removing the splinter, place cotton and apply a bandage on the affected area.

Ways To Prevent Your Child From Getting Splinters

1

Keep children away from carpentry work.

2

Make them wear shoes while playing outdoors.

3

Ensure wooden toys are splinter-free and smooth for children to play.

4

Sand down rough surfaces to remove sharp corners.
