

Thoughtful Words For

100th Birthday

Celebration

You have the wisdom of a 100-year-old and the agility of a 30-year-old, which is quite an extraordinary combination! So I wish this unique person a happy birthday!

When I saw you, I thought you were a teenager, so when did you turn 100? Amazingly, time flies so fast. I hope you hit a double century too. Happy Birthday!

A reminder: It is not the years in your life but the life in your years that matters. Here's wishing you a blessed 100th birthday!

When God created you, He did so with a purpose and a plan. He saw all your days before you lived them, so remember that you are truly special in His eyes. Happy Birthday!

Ten decades on this planet is tremendous, and only God can be praised for this. My amiable friend, I wish you a happy 100th birthday.

I pray that God blesses you with strength and good health as you make it to 100 years of a good life. Happy birthday!
