

DIY Baby Lotion

Recipe With Shea Butter

Ingredients

Shea butter: 1/4th Cup

Organic coconut oil: 1/4th Cup

Beeswax pellets: 1tbsp

Vitamin E oil: 2tsp

Preparation

Take shea butter, coconut oil, and beeswax and heat them using a double boiler setup.

Once melted, combine them with a spoon gently. Transfer to a glass, ceramic, or wooden container.

Once cool, you may whip it to make it thick and fluffy before applying it to the baby's skin.
