

Tips To Keep Precious-Metal-Plated BRACELETS From Tarnishing

Avoid wearing the bracelets to the shower, swimming pool, or beach. Remove them before washing your hands.

Always wear the bracelets after the cosmetic products have been absorbed.

Keep the bracelets away from chemicals such as perfumes and hairsprays.

Avoid wearing bracelets while exercising to protect them from sweat.

Remove the bracelets each time you reapply body lotion or sunscreen.

Do not clean the bracelets with harsh chemicals.

Periodically buff the metal with a dry microfiber cloth.

Store the bracelets individually in ziplock pouches to prevent scratches.
