

Ways To Encourage Children TO GARDEN

Get a fast-growing potted plant or vegetable for your child.

Plant colorful flowers or flora to attract butterflies and ladybugs, intriguing the child.

Bring home child-safe yet durable gardening tools that are easy to use.

Allow the little one to dig, roll and get messy in the mud.

Give fun names to the plants to pique the child's interest.

Make the little one paint the pot for a personalized feel.

Hang a bird feeder or add worms to the garden to enhance the fun.

Involve the child in the cooking of what is grown in the garden.
