

Effective Tips To Improve Your Toddler's Writing Skills

Teach your child the **basic grip**, pinching the pencil with the thumb and index finger and resting on the middle finger.

Give them **shorter pencils** to improve their grip.

Help them make **simple lines and shapes**. Let them take their own time for a letter or number.

Put **dots of letters or numbers** and tell them to connect.

Make them **draw letters on big sheets** and help them trace the shape while telling the letter out loud.

Help them **exercise their fingers** by using simple activities like pressing on the stress ball.
