

# Ideas To Play With **ANIMAL TOYS**

Ask the child to guess the name of the animals using the toys to improve general knowledge.

Hide the animal toys in a room and ask the child to spot them.

Make individual habitats for different animal toys with your child.

Ask the child to sort the animal toys based on their attributes to enhance learning.

Display a few toys, hide one of them, and ask the child to name the missing one.

Ask the child to see the toys and draw the animals.

Ask the child to arrange the animal toys alphabetically or in ascending and descending sizes.
