

# Steps To Follow When Using A Detangler Spray

**Step 1:**

Wash your child's hair using a shampoo suitable to their hair type.

**Step 2:**

Towel dry your child's hair without vigorously rubbing the hair.

**Step 3:**

Spray the detangler on damp hair, maintaining a distance of five to six inches.

**Step 4:**

Incorporate the detangler solution into the hair by massaging the strands.

**Step 5:**

Use a wide-toothed comb or hairbrush to remove the tangles.

**Step 6:**

Do not rinse the hair to remove the spray residue.

**Step 7:**

Style your child's hair as desired.
