

Safety Tips To Follow When Using A Saucer Swing

Install the saucer swing as per the instructions given by the manufacturer.

Never leave your child unattended on the saucer swing.

Do not modify the product or add additional accessories.

Select a stable branch parallel to the ground when securing the saucer swing to a tree.

Use a firm, sturdy frame that can withstand windy conditions when securing the saucer to a stand.

Avoid using rocks or debris to secure the saucer swing.

Use a thick and heavy-duty rope that can withstand an adult's weight.
