

Safety Tips To Follow When Using A

BABY Soap

Consult your pediatrician before buying a new soap for your baby.

Always patch-test a new baby soap to be double sure.

Learn about the harsh chemicals and toxins to look out for when purchasing a baby soap.

Choose a soap curated specifically for the baby's skin requirements.

Keep the soap away from your baby's reach to ensure they do not eat it.

Avoid using soap near your baby's eyes to prevent irritation.
