

# Dos And Don'ts Of Using A Headrest DVD Player

## Dos

Do remove CD, DVD, or SD card from the DVD player when the device is not in use.

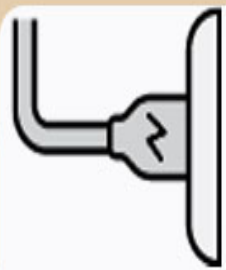

Do follow the troubleshooting tips to solve minor problems.

Do seek the advice of a technician if the player shows a major problem

## Don'ts

Don't hit the DVD player if the device is acting up.

Don't keep the player plugged in when the device is not in use.

Don't keep the car windows and doors open while parked to prevent the device from being stolen.
