

Six Types Of Craft Scissors

Multipurpose scissors

These are the basic, easy-to-maintain scissors used for various purposes at the office, home, and school.

Tailor scissors

These scissors have sharp and long blades and are ideal for working with various fabrics.

Softgrip scissors

These scissors have a protective layer at the handles for a better grip without straining your fingers.

Kitchen scissors

These scissors have various features ideal for efficiently accomplishing culinary tasks.

Mini scissors

These scissors are compact and facilitate cutting with precision when doing embroidery projects.

Patterned scissors

These scissors have designer serrations on the blades to cut the paper in different patterns.
