

# TIPS TO NOURISH A Sagittarius- Sagittarius Romance

Sagittarius partners love each other's company, so it would be good to **shop together**.

Sagittarius couples may **deal with anger** and competition, so you should seek **peace** in different ways.

Just because your partner is of the same zodiac sign, **do not assume** they are your carbon copies.

Sagittarius **loves having fun**, so figure out what activities keep you happy as a couple and indulge in them more often.

Sagittarius is creative, so **sharing your plans** and intentions with your partner is a good idea.

Share your emotions and vulnerabilities to **stay connected** and have a better mutual understanding.
