

# What The Doctor

May Ask You About Your

## Child's Hiccups

How long have the child's hiccups been continuing?

Has it been constant, or do the hiccups come in intervals?

Do they get it only after eating a specific food or in a particular situation?

Do they have gastroesophageal reflux disease (GERD)?

Do any other symptoms accompany the hiccups?

Have they been exposed to any fumes?

Have you tried to control the hiccups with any home remedy or medicine?
