

HOW TO KNOW IF HE'S TRYING TO GET YOUR ATTENTION?

1 He dresses up only while meeting you and looks forward to your compliments.

2 He maintains eye contact and does not look away if you catch him looking at you from afar.

3 You bump into him at a place he's unlikely to be.

4 There is no silent moment in your conversations as he keeps it going.

5 He likes making you laugh and is always there to help you.

6 He teases you by mimicking your body language or leaning toward you.
