

# EASY STEPS TO APPLY A KOREAN TONER

1

Cleanse your face to remove dirt and oil.

Pat it dry.

2

3

Apply the toner evenly with a cotton pad or your clean hands.

Use an upward motion to layer the toner all over your face.

4

5

Most people apply seven layers of Korean toner.

Let it absorb into your skin.

6

7

Follow it up with your favorite serum or moisturizer.
