

EXPLORING THE SPECTRUM OF ROMANTIC ORIENTATIONS

1 Biromantic:

Those attracted to both males and females romantically.

2 Homoromantic:

Those who are romantically attracted to people of the same gender.

3 Polyromantic:

Ones who are romantically attracted to multiple, but not all, genders.

4 Demiromantic:

Those who experience romantic attraction only after forming a strong emotional bond with someone.

5 Aromantic:

Who do not feel romantic interest towards any gender.

6 Heteroromantic:

Those who are romantically attracted to people of a different gender.

7 Panromantic:

Ones who are romantically attracted to people of all genders.

8 Gray-romantic:

Those who do not often experience romantic attraction.
